The Fourth Biennial Asia Pacific Conference on Educational Integrity (4APCEI) will be held at the University of Wollongong, New South Wales, Australia.

The conference is a principle vehicle of The Asia Pacific Forum on Educational Integrity (APFEI) for promulgating interest and debate. APFEI defines educational integrity as a commitment to the key values of honesty, trust, equity, respect and responsibility, and the translation of these values into action. Educational integrity in higher education is a key issue that affects academics and students alike and there are a variety of views about it, how to promote it, and how to deal with the problems.

This conference will afford the participants the opportunity to discuss and share the various perspectives, strategies, recommendations and solutions associated with this complex topic.

A call for papers on teaching practice, policy, research, and community and student perspectives will be issued on 30 September 2008.

Enquiries about the conference should be directed to Professor David Griffiths:
